Pune

## SKILLS

- Python
- My - SQL
- Big Data
- Machine Learning
- Artificial Intelligence(Basic)

## HOBBIES

- Learning New Technology
- Playing Cricket
- Trekking

## SUMMARY

Looking for an opportunity to play challenging role in a reputed organization to help in growth of organization and also helps to learn new skills expand my knowledge.

## EDUCATION HISTORY

### Master of Science :

Arunodaya University

*Year of Post-Graduation: 2020 - 2022*

- 7.35 CGPA

### Bachelor of Science :

Savitribai Phule Pune University

*Year of Graduation: 2017 - 2020*

- 63.20 %

### HSC :

Pune University

*Year of Graduation: 2016 - 2017*

- 57.08 %

### SSC :

Pune University

*Year of Graduation: 2015*

- 62.40 %

## ACADEMIC PROJECT

### 1.Machine Learning Project Using Python :

#### Loan Prediction

- **Objective :** Main objective of this project is to predict whether assigning the loan particular person will be safe or not
- Accuracy is 0.73 %

### 2.Prediction Using Decision Tree Algorithm :

#### Iris Dataset.

- **Objective:** To Classify Iris Plant into Three Species Using (Setosa , Virginica & Versicolour)
- Accuracy is 0.94 %

### 3.Stock Market :

- **Objective:** Understand the basic of how the stock market works and what goes into deciding when to buy or sell.

## CERTIFICATION

**Symbiosis Skills and Professional University(2022):**

- **Certified Developer - Python, Machine Learning Engineer and AI Analyst.**

**Internship Certificate.**

- **Indeed Inspiring infotech (2022):**
- **Certified Approved**

## INTERNSHIP

- **Indeed Inspiring infotech pvt.limited,**

**Data Science intern & worked on Machine learning .**

**to used machine learning algorithm on large data set (like, Linear Regression, Decision Tree, Logistic Regression ,K-means algorithm etc.)**
